📍 PUNE, MAHARASHTRA, INDIA

PROFILE

Computer Engineering graduate with expertise in Java, Python, JavaScript, SQL. Seeking a Software Development role to apply my skills in designing, developing & maintaining software application.

SKILLS

- Programming Languages: Python, Java, JavaScript
- Technologies and Frameworks: HTML, CSS, React Js, Bootstrap, Tailwind CSS
- Databases: SQL, MongoDB
- Tools: Git, PostMan

EDUCATION

Bachelor of Engineering In Computer Engineering

Zeal College of Engineering and Research, Pune
CGPA: 8.24.

Completed:-2024

Class 12(Higher Secondary Examination)

MAEER's MIT Jr College, Pune
Percentage: 76.36

Completed:-2020

Class 10 (Central Board of Secondary Examination)

RMD Sinhgad Spring Dale School, Pune
Percentage: 82.60

Completed:-2018

PROJECTS

Hand Gesture Controller

- Developed a hand gesture recognition system to control various device functions such as play, pause, volume control, mute, next, and back using deep learning techniques.
- Utilized convolutional neural networks (CNNs) for accurate real-time gesture detection.
- Led the design and implementation of the deep learning model, including dataset preprocessing and augmentation to enhance model accuracy.
- Integrated the hand gesture detection system with multimedia control functionalities for a seamless user experience.

News Application using React JS

- Developed a web application using React JS to display news articles across various genres, including technology, sports, entertainment, and more.
- Integrated a third-party API to fetch real-time news updates dynamically. Designed an intuitive user interface to allow seamless browsing of news categories.
- Implemented features like category-wise filtering, search functionality, and loading indicators for a smooth user experience

INTERNSHIP

Intern, Elite Software

Dec 2022 - Feb 2023

- Developed and maintained responsive web pages using HTML, CSS, and the Bootstrap framework, ensuring cross-browser compatibility.
- Utilized Python with the Django framework for backend development, implementing features such as database management, and REST-ful API integration.
- Worked on website domain registration and hosting, gaining experience in deploying applications.

CERTIFICATION

- Java 8 – LinkedIn Learning
- Java Programming – Prepinsta
